## KL Mayor, please hear the people!

Fri, 19 Oct - YB Nurul Izzah and YB Fong Kui Lun (MP for Bukit Bintang) today went to Brickfields despite the heavy downpour to be with the traders there who are extremely worried and displeased with the latest orders from DBKL barring them from setting up tents in front of their premises in conjunction with the upcoming Deepavali celebrations. The traders are also very upset that DBKL has used a different system this year - the direct ballot - to distribute lots for traders for Deepavali.

The KL Mayor is thereby urged to at least hear these traders out, even if he does not wish to meet with the KL MPs.

Sat, 20 Oct - This past week saw two deaths in the families of YB Nurul Izzah's ardent supporters in Pantai Dalam, namely the mother-in-law of Siddik Ibrahim, who is the Deputy Chief of KEADILAN Lembah Pantai, and the stepmother of saudara Razak of Bukit Angkasa. YB Nurul Izzah managed to stop by both solemn occasions, as picture above with the family members of saudara Razak.

All of us at the Office of the Lembah Pantai MP would like to extend our deepest condolences to both families, and pray that they will be strong in facing these trying times.

## Forum in Taman Tan Yew Lai

Sun, 21 Oct - YB Nurul Izzah and YB Liew Chin Tong (MP for Bukit Bendera) today conducted another forum on Budget 2013 after a very successful outing in Lucky Garden on 13th October. This time, a similarly fantastic response was seen when the forum was held in Taman Tan Yew Lai, where over 100 attendees came despite the heavy downpour just an hour before the forum began.

This forum, conducted at the carpark of Lan Je Restaurant in Jalan Taman Tan Yew Lai, raised issues relate to the mountainous debt of RM502 billion (anticipated for 2013), and brought to fore the policies laid by Pakatan Rakyat should it come into power including the minimum wage policy of RM1,100, 20% oil royalty to oil-producing states, and much more. The attendees also raised concerns and deep grouses about the very controversial Automated Enforcement System

(AES) speed-traps.
